General Notes, On-going Projects.

- Please note that the Chicago Jazz Philharmonic performance fell on the night of the 4/3 council meeting. Having acquired this group, I didn't want to lose them because of the dates they had available. We certainly can still meet.
- Let's determine the Council events for 2018 that will require letters of intent.
- We are experimenting with a longer camp session this year going from six to eight weeks. Because the Musical Theater and Visual Arts Camps are cultural programs, we always feel that we need extra time. We will run this schedule as a test this year to see how it goes.
- I have been in conversation with "Tales and Scales" a traveling animal exhibit that carries exotic animals and some birds. We can the selection of animals you might like to see and they are already a Park District vendor so that makes the process much easier if we decide to go with them for a community animal event.
